

SAIFUL ISLAM

MERN Stack Developer

Dhaka, Bangladesh | 01633626132 | saifulislamsshakib@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

IT undergraduate with hands-on experience building full-stack MERN applications, including JWT-based authentication, REST APIs, and AI-integrated features. Skilled in React.js, Node.js, Express.js, and MongoDB, with a strong foundation in modern JavaScript (ES6+) and a genuine passion for learning new web technologies. Looking for a MERN Stack Developer internship to contribute to real-world projects and grow as an engineer.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Redux Toolkit, RTK Query, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB, Mongoose

Tools & Others: Git, GitHub, Postman, REST API, JWT Authentication, Cloudinary

PROJECTS

AI-Powered Learning Management System (MERN Stack) — [GitHub](#)

- Developed a full-stack Learning Management System using MongoDB, Express.js, React.js, and Node.js, with secure JWT- and cookie-based authentication.
- Built course creation, enrollment, and lecture management workflows for both students and instructors.
- Integrated the Google Gemini AI API to dynamically generate quizzes and interview questions, adding a personalized learning layer.
- Implemented a course progress-tracking and completion system to monitor learner engagement.
- Handled global state and API communication with Redux Toolkit and RTK Query for a scalable, maintainable frontend.

Tech Stack: *MongoDB, Express.js, React.js, Node.js, Redux Toolkit, JWT, Cloudinary, Gemini API*

RentEase – Full Stack Rental Management Platform (MERN Stack) — [GitHub](#)

- Engineered a full-stack rental management application using the MERN stack with separate workflows for tenants, property owners, and administrators.
- Designed and developed RESTful APIs with Express.js and MongoDB for managing users, properties, contracts, payments, maintenance requests, and complaints.
- Implemented authentication and authorization using JWT with role-based access control to secure application resources.
- Developed property lifecycle management including listing creation, rental applications, booking approval, contract generation, and availability management.
- Built a payment tracking module supporting security deposits, rent payments, payment status updates, and contract activation workflows.
- Created maintenance and complaint handling features to improve communication between tenants and property owners.
- Developed responsive frontend interfaces using React.js and Tailwind CSS with reusable components and React Router navigation.

Tech Stack: *MongoDB, Express.js, React.js, Node.js, Mongoose, JWT, Tailwind CSS, Cloudinary*

EDUCATION

Bachelor of Science in Computing — University of Greenwich, UK — 1st Class

Higher Secondary Certificate (HSC) — Ali Ahmed Mia Bohumukhi Mohabidyaloy (AAMBM) — GPA: 5.00

Secondary School Certificate (SSC) — Dashani Mohanpur High School — GPA: 4.67

CERTIFICATIONS

Sololearn: [Introduction to HTML](#) • [Introduction to CSS](#) • [Introduction to JavaScript](#) • [JavaScript Intermediate](#) • [Introduction to SQL](#) • [Front-end for Beginners](#) • [Coding Foundation](#) • [Web Development](#)

Other: [DIA ICT Fest'25](#) • [Fun With Code](#) • [National Skills Certificate \(Level-3\) – Web Design and Development for Freelancing](#) National Skills Development Authority (NSDA), Government of Bangladesh

ACHIEVEMENTS

- Champion — Inter-University Badminton Championship
- Champion — College Cricket Tournament

ADDITIONAL INFORMATION

Languages: Bangla (Native), English (Fluent)

Soft Skills: Team Collaboration, Leadership, Critical Thinking, Punctuality

Interests: Photography, Videography, Exploring New Technologies
